

Some Kids in Foster Care Feel That They Don't Have a Prayer ... *Let's Change That.*

The National Foster Care Prayer Vigil is a nationwide event initiated for Christians to gather in churches and cities across the country to go to God in prayer for the children, families, and workers in our nation's foster care system.

Please join followers of Christ from across our community as we pray together for one evening for kids in our state and look forward to how God will work in the lives of our nation's most hurting children.

**Location: Calvary Christian Center
